To Whom It May Concern,

I have been a General Manager for over 15 years and have gone through numerous renovations. These renovations usually included moving the entrance of the hotel, shutting down breakfast and putting it in a Meeting Room, noise after hours, etc...

The most recent renovation done by C.C. Inc Hospitality led by Eitan Oved was the best renovation experience of my career. Eitan and his team finished 1 month early and we did not have to close the breakfast and had little effect on the guest's experience. They worked through the night in the restaurant so that our guests would not be inconvenienced. They completed 26 rooms in just under 2 weeks and all 104 rooms in 2 months. This was a full renovation which included: New bathroom tiles, furniture, paint, drapery, art, wallpaper, carpet, etc... in all the rooms and public spaces. They also fixed and made repairs as needed during the renovation process.

Kudos to Eitan and his team at C.C. Inc Hospitality for a job well done and I would highly recommend them.

Sincerely,

A handwritten signature in black ink, appearing to read "Seth Weiss", with a stylized flourish extending from the end.
